

# ICS CHARTR: One source for **all** your needs

## Expand your practice to include balance testing

With the ICS CHARTR System, you can buy what you want or need now: You can upgrade later. The one source for all your Neuro-Vestibular needs.

Improve patient care, your ability to quantify and document:  
AND IMPROVE YOUR BOTTOM LINE.

# The right balance between benefits for you, your practice and your patients

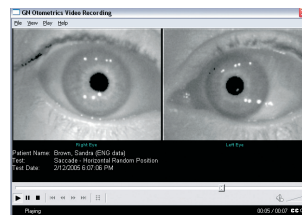

**Complete solution for assessing dizziness**  
 VEMP (Vestibular Evoked Myogenic Potentials) seamlessly integrates with our CHARTR VNG/ENG system to create the only complete solution package for assessing dizzy patients.

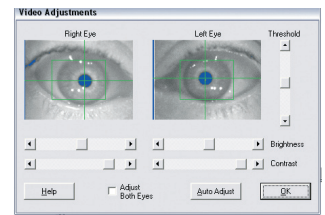

## The Combined Solution for Complete Neuro-Vestibular Assessment

ICS CHARTR VNG, ENG, M-VNG, EP (Evoked Potentials) and ASSR (Auditory Steady-State Responses) can be combined in the same computer. Integration offers a cost-effective purchasing option.

If you already own an ICS product, consider adding another modality. Ask your distributor about the advantages of integration – including space conversation.

Up to 2 min. Video Playback

One click only to Auto Adjust

Efficient capture, enhanced diagnostics and outstanding patient comfort.

ICS CHARTR System

ICS CHARTR System = one platform:  
 VNG, ENG, Irrigators, EP,  
 VEMP, ASSR and Accessories

Software assisted analysis  
 Normative data  
 Clear graphics  
 Data storage and report generation
